

BETTER BATHROOMS & KITCHENS

## AMERICAN BEAUTY

SPECIALISTS IN CUSTOM BUILT KITCHENS

Better Bathrooms & Kitchens are a specialist bathroom and kitchen renovation company that custom design to your exact specifications. Taking your project from the design concept through to a beautifully finished project, Better Bathrooms & Kitchens work within strict timelines to meet agreed completion dates.

Being at the cutting edge of new trends, quality materials and with proven designs including modern, contemporary, French provincial and country styles, Better Bathrooms & Kitchens enables you to achieve a design and finish that will add great value to the most important areas of your home.

A dedicated team of highly professional tradespeople take great pride in their work to achieve the results that they promise. Holding a HIA certificate membership, they're committed to delivering quality workmanship within your kitchen, bathroom and laundry renovations.

Heading the design and project management team is Garrett Hebden, company owner and registered builder with over 21 years kitchen and bathroom renovation experience. Designed by Garrett, Better Bathrooms & Kitchens describe this kitchen as having an American influence.

The owners wanted their kitchen to be designed for practicality as well as having a sense of uniqueness. Fresh and inviting, the kitchen stands out from the crowd with its Domino Ice Box latches and hinges along with its striking mural feature wall. These two imaginative features take the kitchen from being purely functional to highly creative.

An island bench was incorporated into the design, housing a dishwasher and a second sink together with the Innotech soft close drawer and door system to help achieve the owner's desire for functionality.

Calacatta marble benchtops and splashbacks, two-pack Dulux vivid white American style doors and polished floorboards in Japan Black stain are just some of the striking design elements incorporated into the space. Plenty of bench space and modern appliances further enhance the kitchen's appeal.

Working on 50 renovation projects a year, a unique aspect of the company is that they are expertly equipped to handle all internal renovation work including removal and addition of walls, floors, ceilings, windows and doors. They also include all necessary carpentry, plumbing, electrical, waterproofing and tiling work in their renovations and can custom build all cabinetry furnishings including TV cabinets, desks, bookcases, wardrobes and vanities.

Better Bathrooms & Kitchens can supply all or any qualified tradesmen required to complete your kitchen, bathroom or laundry renovation to an existing or new home. By using computer aided design, Better Bathrooms & Kitchens allow you to get to see your renovation before you spend a single cent on any construction works.

Sensational renovations to all types of homes from solid brick, weatherboard, multi story and rural properties can be seen in their online bathroom and kitchen galleries.
