THIS LUXURIOUS NEW BATHROOM IS HIGHLY
FUNCTIONAL AND STRIKINGLY BEAUTIFUL

Wanting a lavish bathroom that would convey the feeling of a hotel-like bathing haven, these homeowners approached Better Bathrooms & Kitchens designer Garrett Hebden to create them a highly efficient and aesthetically pleasing masterpiece. An assortment of the finest quality materials and finishes has been incorporated into the design to produce a flawless look that will remain timeless.

The old bathroom was poorly designed with dated fittings and features, allowing minimal room to move. With the shower inconveniently placed in the middle of the room, the owners had to squeeze past to access the toilet. After redesigning and modernising this outdated space, the clever layout of Garrett's new design does not make the room feel crowded or cramped.

Adequate lighting is an essential element in every bathroom. This stunning new room is filled with a combination of natural and low voltage lighting that highlights and enhances the spacious layout of the design. There is more than ample storage space above and below the large vanity unit while the careful placement of the bath and shower and a short-projection toilet allow sufficient room to manoeuvre.

Stunning marble work and tiling for the vanity, floor and wall are a beautiful addition to this bathroom, creating a look of luxury which closely resembles the bathroom suite of a hotel room. The soft, neutral tones make this bathroom warm and inviting, offering a personal bathing retreat in which these lucky owners can relax and unwind after a stressful day. **KBO**
