

## *Two become one*

Better Bathrooms & Kitchens values quality over quantity

**ABOVE** Floor-to-ceiling tiles add sophistication and depth.

**THE** owners had not one but two bathrooms in desperate need of a facelift. Better Bathrooms & Kitchens was called in for the renovations and the decision was made to transform the back-to-back bathrooms into one larger and more luxurious space with the inclusion a spacious walk-in robe.

The dividing wall was removed to give Better Bathrooms & Kitchens' designer Garrett Hebden some flexibility to move, while the two existing windows were replaced with two new in-wall cavity doors.

To produce that special hotel feel, a

range of luxurious finishes were selected including dramatic 300mm x 600mm Artech Grigio floor-to-ceiling tiles and a gorgeous Decina Angelique White corner bath. The use of darkly toned tiles creates the ideal ambience for serious relaxation while the oversized corner bath provides the perfect place to unwind after a hard day's work.

A stunning double wall-hung vanity with Silver Grey Laminate doors and a Jet Black CaesarStone top, an easy-access stepless shower and a unique glass brick feature window complete this striking bathroom makeover. →
